

## Shower Filter System

The attractive SF120 Series looks appropriate in every bathroom and installs very easily.

No re-plumbing is needed when changing cartridge.

Cartridge included reduces taste, odour, sediment, heavy metals and importantly chlorine, which the body would otherwise absorb.

- Showerhead pictured no longer available.

- 2 models to choose

SF120 – Slimline Shower Filter system.

SF240 – Double-life Shower Filter System.

- SF240 system available with double-life cartridge (Not recommended for gravity feed hot water systems).
