

GC SERIES

GRANULAR CARBON CARTRIDGES

**Benefits**

- Highly effective taste, odour, chlorine, chemical, sediment reduction.
- 3 times the capacity of similar cartridges.
- 3 length options – 5, 10, 20, inch.
- 2 Diameter options – Standard, Maxi Plus.
- Multimedia options available.
- Temperatures up to 52°C.
- Flow rates up to 40 litres per minute.

The Puretec GC Series carbon cartridges are the first choice for reducing unwanted taste, odour, chlorine, volatile chemicals, pesticides, leaving beautiful tasting clear water for all drinking water applications. A post filter minimises suspended particles and sediment. Maximum absorption of impurities is achieved through granular media, making it most suitable for drinking water, food service, wholehouse filtration and many other situations.

Code	Size inches	Micron rating	Diameter	Description	Purchase Qty (ea) as required	Flow lpm	Box Qty	List (ea) Incl.GST
GC205	5"	20 post filter	standard			7	12	29.58
GC059	9"	5 post filter	standard	suits 9" housing		11	12	73.24
GC051	10"	5 post filter	standard		POPULAR	13	24	29.33
GC201-SL	10"	20 post filter	slimline			15	24	44.73
GC201-H	10"	20 post filter	standard	heavy metal removal		15	12	61.04
GC201-R	10"	20 post filter	standard	resin media		15	12	53.43
GC202	20"	20 post filter	standard			27	8	70.64
GC20MP1	10"	20 post filter	maxi plus			32	8	90.45
GC20MP2	20"	20 post filter	maxi plus			40	6	180.89

IC SERIES

IMPREGNATED CARBON CARTRIDGES

**Benefits**

- Light duty dual purpose cartridge.
- Removes taste, odour, chlorine, chemicals, sediment.
- Fine 5 micron rating.
- Flow rates up to 19 litres per minute.
- 2 length options – 5, 10 inch.
- Temperature up to 52°C.

The IC Series carbon cartridges are the economical solution for general purpose filtration. The range, available in 2 sizes, are ideal for sediment, taste, odour and chlorine removal in light duty applications. IC Series cartridges are an inexpensive alternative for chlorinated water supplies.

Code	Size inches	Micron rating	Description	Purchase Qty (ea) as required	Flow lpm	Box Qty	List (ea) Incl.GST
IC055	5"	5			9	10	16.92
IC051	10"	5			19	25	18.97
IC051-2	10"	5	twin pack		19	12	37.93
IC052	20"	5		NEW	38	12	40.81

MC SERIES

MOULDED CARBON CARTRIDGES

**Benefits**

- Medium-duty carbon for sediment, taste, odour, chlorine, chemical, cyst reduction.
- Available in 1, 5 micron ratings.
- 2 length options – 10, 20 inch.
- 2 Diameter options – Standard, Maxi Plus.
- No carbon fines, and high contaminant capacity.
- Flow rates up to 80 litres per minute.
- Temperature up to 52°C.

Puretec Moulded Carbon cartridges are constructed in a unique wet-forming process giving them dual-purpose filtration capabilities. The composition of the cellulose free carbon media offers excellent treatment of water. The low density models have medium micron ratings while the medium density models have fine ratings for cyst reduction. An MC model is available with impregnated silver for bacteriostatic control. Prefilter is recommended to be installed prior to these cartridges.

Code	Size inches	Micron rating	Diameter	Description	Purchase Qty (ea) as required	Flow lpm	Box Qty	List (ea) Incl.GST
MC011	10"	1	standard			16	30	28.97
MC011-S	10"	1	standard	silver impregnated, inhibits bacterial growth	POPULAR	16	30	47.44
MC051	10"	5	standard			16	30	20.08
MC051-S	10"	5	standard	silver impregnated, inhibits bacterial growth		16	30	45.96
MC052	20"	5	standard			22	8	63.41
MC05MP1	10"	5	maxi plus		POPULAR	40	8	68.03
MC05MP2	20"	5	maxi plus			80	4	136.06
